Meaning

Salutations to Lord *Subrahmanya*, I now worship Him with His consorts *Valli* as *icchā śakthi* (power of desire), *Devasena* as *kriyā śakthi* (power of action/practice) and Himself as *jnāna śakthi* (knowledge power), who at each moment twinkle like several stars, who possess all the cosmic energy at His heart, who always protect us through his *astra* (*vel*).
