Meaning

Salutations to lord *Śri Śiva*, who exist for the sake of the universe, who adorns the crescent of moon on his matted hair, who is very transcendental, whose soul is constituent qualities in nature, who is not bound by time & space, who is named as *rudra*, who has a blue tinted throat as he held the poison (*hālahāla visha*) in His neck, who is always auspicious in nature. I bow and pray him.
