Meaning

Salutations to Lord Śri *Dakshināmoorthy*, the supreme lord who shines gorgeously facing southern direction, who appears in crystal clear and bright color always wears pearls and *rudrāksha* beads, embraced with nectar of knowledge. His lotus like hand posture reveals full of true *vedic* knowledge and proficiency, seen with a scholarly belt (*yogapatta*) tied around his waist, shining moon is seen in the crest of His crown, has three eyes (*soma-surya-agni*). I bow and pray for His blessing.
